## REVISION OF STEEL AND IRON SCHEDULES FIRST

WASHINGTON, Dec. 28.—Revision of the iron and steel schedule will be the first thing on the tariff legislative program of the house after congress convenes next week.

Representative Underwood, chairman of the ways and means committee, made it known today after his return from a holiday trip that the committee would postpone consideration of the wool schedule until every feature of the tariff board's report on the subject had been thoroughly studied. In the meantime it will press its work on other tariff matters with a view to adjournment in time for the nominating conventions.

Following the introduction and consideration of the steel schedule, the Democratic leaders contemplate presenting to the house a revised schedule and a sugar tariff bill. It is also possible that a cotton schedule will be submitted with the wool bill, dependent, of course on the report of the tariff board. This is expected late next month. If cotton is not included in the wool bill, it will be sent as soon afterwards as possible.

Determination of the house Democratic leaders to delay the wool bill is calculated to have an effect of the purpose of the Republican members of the ways and means committee who are drafting a wool schedule based on the tariff board's report, reported that they are hastening with the cooperation of the White House to complete this bill and to urge it upon the floor of the house. If the Democratic bill is not submitted soon after the holidays it is probable the Republican measure will be withheld.

## BANISH CATHOLIC PRELATES

LISBON, Dec. 28.—The government has issued a decree banishing for two years Mr. Anthony Mendes Bello, patriarch of Lisbon, the bishop of Guarda, and the administrator of the diocese of Oporto, from their respective districts. The ground on which the banishment is based is persistent opposition to the organization of cultural association.

## CUSTOMS DUTIES FOR 1911 ARE BELOW 1910

NEW YORK, Dec. 28.—William Loeb, Jr., collector of the port of New York, announced today that the customs duties collected here during the last year will aggregate \$196,871,859, as compared with total receipts in 1910 of \$217,999,250. Exports of domestic merchandise at the port of New York amounted to \$776,391,619, an increase of about \$40,000,000 over the year previous.

During the year gold and silver were imported valued at \$26,552,510, as against imports of \$25,135,697 in 1910. Gold and silver exports, domestic for the calendar year amounted to \$28,257,978, as compared with \$37,131,795 for last year, while exports of gold and silver, foreign, were valued at \$2,414,071, as against \$6,452,364 last year.

## OBJECTIONS OF DEFENSE HALTS PACKERS' TRIAL FOR LEGAL ARGUMENTS

CHICAGO, Dec. 28.—Objections made by counsel for the defense to evidence which the government seeks to introduce regarding the operations of the Kenwood company and the Aetna Trading company halted the packers' trial late this afternoon and caused Judge Carpenter to excuse the jury pending legal arguments.

The government contends that the Kenwood company, which was organized by the packers in 1900 and continued in business until 1905, was one of the alleged pools used to market the packers' by-products. It is alleged that the Kenwood company dealt in oil and the Aetna Trading company, in the same period, dealt in casings.

The government expects to show that the Kenwood company profits were \$4,000,000 in one year, despite the fact that it was only incorporated with a capital stock of \$14,000. The profits of the Aetna Trading company are alleged to have been proportionately large.

By making an inadequate allowance for the by-products in figuring the test cost of the animals slaughtered, the packers were enabled to keep the profits of the parent concerns within reasonable limits, according to the government.

The objection to this line of testimony came when Albert H. Veeder was questioned in regard to the business transacted by these subsidiary companies.

## Gives Details of National Co.

Veeder gave the details of the organization of the National Packing company which was formed March 13, 1905, and which the government contends was the instrument used by the indicted packers to fix the price of meat.

The witness said that this corporation which was capitalized at \$15,000,000 was formed by the merging of 13 companies and their subsidiaries and that the properties were paid for in stock of the National Packing company. A list of the companies and the amounts paid for them by the National Packing company was woven by the witness as follows:

Stock Yards Warehouse company, \$50,000; Anglo-American Provision and Refrigerator Car company, \$500,000; Kansas City Refrigerator Car company, \$130,000; Fowler's Canadian company, Limited, \$70,000; Friedman Manufacturing company, \$110,000; C. H. Hammond and company, \$5,000,000; St. Louis Dressed Beef company, \$2,100,000; Hammond Packing company, \$1,000,000; Omaha Packing company, \$2,200,000; Hutchinson Packing company, \$100,000; Anglo-American Provision company, \$2,000,000; Fowler Packing company, \$900,000; United Dressed Beef company, \$1,900,000.

Mr. Veeder said these companies were all purchased by Armour, Swift and Morris before Michael Cuddey was taken into the combination. He said all the men who sold their plants agreed not to engage in the packing business for 15 years.

"Have you any more contracts or agreements used in the organization of the National Packing company?" asked Special Government Counsel Pierre Butler.

"About three bushels, but nothing you would want," replied Witness Veeder.

## CLOSE FRIEND OF REYES BITTERLY DENOUNCES HIM

MEXICO CITY, Dec. 28.—The indignation which the surrender of General Reyes has inspired in the United States foreign-born in the United States found vent today in a telegram, filed by Jose Bonifacio Valle in behalf of himself and friends to El Herald, Mexican from New Orleans.

The message said:

We protest with indignation before the Mexican republic against the unjustifiable conduct of General Reyes in surrendering, for the reason that to us he declared he would die before he would give himself up.

Jose Bonifacio Valle was one of Reyes' staunchest supporters. When the latter decided to break his agreement with Mexico to refrain from becoming a candidate for president, Jose Bonifacio Valle launched the Reyes presidential campaign. Within a week after Reyes' spectacular flight from Mexico, Jose Bonifacio Valle joined him and has since been one of his chief confidants.

## GREAT GREAT "GRANDMA" AT THE AGE OF 59 YEARS

DENVER, Dec. 28.—To find herself a great great grandmother at 59 years old, is an experience that might cause many a woman to feel prematurely aged, but not so in the case of Mrs. Thomas Bennett, who, after 35 years residence in Aspen and Denver, now lives with her husband on a government claim which they have taken up in New Mexico.

Mrs. Bennett is hale and hearty on the eve of her three score and mark. Her daughter, Mrs. George Natterman, is 86, and bears with comely poise the distinction of being called grandmother. She makes her home with her daughter, Mrs. Otto Wilson, 1225 Fox street, who is 21, and the mother of Evelyn Wilson, aged 9 months.

## EXPERT ACCOUNTANT OF DENVER JOINS JURY

DENVER, Dec. 28.—Edward Stanley, an expert accountant 45 years old, who came here from St. Louis a year ago, sat in the right temple in his home on Capitol hill here this afternoon and died tonight in a local hospital.

He left a wife and two children in which he said that he intended to live his life because of recent financial reverses.

Mrs. Stanley found the note when she returned from a shopping trip. She found her husband lying unconscious in the den where he shot himself.

Stanley was a member of the National Association of Accountants and was a resident of St. Louis for many years.

## With Your Christmas Money

You can buy something of definite, tangible value, and something that will be a lasting gift, if you buy jewelry. A great many people who were so fortunate as to receive gifts of money for Christmas, bought some bit of jewelry they had a particular wish for, or something that they had long admired at this store. If you want something that will perpetuate the giver's generosity, and the same time serve as a lasting pleasure to yourself, buy jewelry.

## ASKS N. Y. HEALTH CHIEF TO RESIGN

ALBANY, N. Y., Dec. 28.—Governor Dix has asked for the immediate resignation of Dr. Alvah H. Doty as health officer of the port of New York, a position which he has held since 1885. Dr. Doty's term expired last January. His removal was recommended recently by Charles N. Bulger, the commissioner appointed by the governor to investigate the management and affairs of the office.

In his letter to Dr. Doty, made public today, the governor reviews the report of Commissioner Bulger, who declared that the history of the bureau administration of the state's quarantine "is replete with evidence of gross incompetency and inexcusable negligence."

The governor says the evidence "manifests a condition of squander and uncleanliness in the rooms where immigrants were kept that shocks one's sense of decency and makes one ashamed of his country." He points out that these conditions should not have escaped the health officer's attention, but whether or not they came to his notice, he must be held responsible for them.

The salary of the health officer is \$12,500 a year.

## REYES IN MEXICO CITY

Car Stopped in Freight Yards and Former Military Leader Taken to Army Prison.

MEXICO CITY, Dec. 28.—General Bernardo Reyes arrived here tonight. The car in which he traveled stopped in the freight yards and the prisoner was conducted by an "unfrequented route" to the San Diego military prison. There was no demonstration.

Generals Mier, Jose Maria de la Vega and Arturo Villar today officially were named as members of the Reyes court-martial. To make these officers eligible they were raised by the minister of war from brigadiers to generals of division. In addition, General Francisco Avelaz was designated as agent of the "ministerial public" to sit with the others.

General Mier was formerly governor of Nuevo Leon, over which Reyes himself presided until ousted by theadero revolution.

## FOREST SERVICE DESIRES TO ENCOURAGE PROSPECTORS

WASHINGTON, Dec. 28.—As a result of the convention called at Hot Springs, Cal., to organize a National Prospectors' alliance to oppose any attempt to require prospectors to obtain a license before operating in the national forests, Henry S. Graves, head of the forest service, declared today there was absolutely no reason for any such fear on the part of the prospectors. Some misrepresentations of the service policy evidently had been made to them, he declared.

"The national forests," he continued, "are and always have been open to prospecting precisely like the unreserved public domain and it is the desire of the forest service to encourage prospecting."

## BAKERIES OF NEW YORK HAVING 113,657

NEW YORK, Dec. 28.—New York's bakeries are now undergoing, at the hands of the board of health, such a house cleaning as they have not experienced for years. Within the last two months more than 20 places where bread is made and sold have been subjected to public sanitation or, in each case, the occupants have been ordered to close up, shop at once or given five days to put his house in order.

## FRENCH SPY ESCAPES FROM GERMAN PRISON

PARIS, Dec. 28.—A French spy, who was held in a German prison for a year, has escaped. The spy, who was named as a French agent, had been held in a prison near the city of Berlin. He was found by the German authorities and was held in a prison for a year. He has now escaped and is believed to be in France.

## SUFS CROKER AND SONS FOR \$100,000

NEW YORK, Dec. 28.—Richard Croker and his sons, Richard Croker, Jr., and Howard Croker, were made joint defendants in a civil action begun today by John J. Breen to recover \$100,000. Breen married Miss Ethel J. Croker, daughter of the ex-Tammany chieftain, on April 23, 1910, and alleged that his wife's affections were alienated by Croker and his sons. Breen declares in this complaint that he and his wife lived happily together until the defendants induced her to leave him.

Breen was a teacher of horsemanship when he and Miss Croker were married by a justice of the peace in Hoboken, N. J. It was said that the family of the bride were much displeased at the marriage.

Richard Croker came here from his Irish estate about two months ago, and recently went to Florida for the winter.

"WILL MAKE SOMEBODY SIT UP AND TAKE NOTICE"

Millard J. Bloomer of Peace Banquet Committee Says He Will Make Roosevelt Letters Public

NEW YORK, Dec. 28.—To what extent, if any, the change in the original purpose of the Citizens' Peace banquet, to be held Saturday night, with President Taft as guest of honor, was influenced by the refusal of Col. Theodore Roosevelt to accept an invitation, may be cleared up on the day of the dinner, it was intimated today by Millard J. Bloomer, the executive committee's secretary, when he announced that the correspondence between himself and Roosevelt would be made public on that date.

After a meeting of the executive committee, an official statement was given out, in which it was said that President Taft had been made the guest of honor, because the committee heartily approved his attitude on the proposition of universal peace, including all the steps he has so far taken.

Whether the last phrase of this sentence indicated that the committee thereby specifically voiced its support of the pending arbitration treaties which Colonel Roosevelt had objected to was not disclosed.

In regard to extending the invitation to Colonel Roosevelt, the statement says:

"The committee at that time fully appreciated the attitude which Mr. Roosevelt has taken on the pending peace treaties, nevertheless it felt pleased to extend the privileges of the committee, feeling that at least he is in accord with the general sentiment that will prevail on that occasion."

"It only needs to be stated that a gentleman at work in the rooms of the committee had, without authority, previously written to Mr. Roosevelt on the subject, and that the same member failed to transmit the official invitation which was later ordered."

It was also added that there was not the slightest friction among the members of the committee, but as the statement was being given out to a number of newspaper reporters, Mr. Bloomer appeared and almost shouted: "If that statement which was passed when I was out of the meeting room is at variance with the truth, I will strongly deny it. I don't know what I will say, as I was not given the right to vote."

Bloomer was then shown the statement, and after reading it said: "In answer to this resolution, I will make public on Saturday, the day of the dinner, the letters between Roosevelt and myself, and they will make somebody sit up and take notice."

## ONE ANTHEM ENOUGH

CHICAGO, Dec. 28.—Miss Harriett Dunn, secretary of a local branch of the Woman's Christian Temperance union, has started a campaign against the adoption of a new national anthem.

Miss Dunn received yesterday an assignment of 999 buttons she will distribute. Each one bearing the inscription:

The Star Spangled Banner's Good enough for a day.

The campaign is directed against those who raised \$1,500 among Chicago school children as a prize for a day anthem.

## WENE PEIN CITY PEACEFUL

DENVER, Dec. 28.—The Denver held a love feast last night. Governor Shafer, Mayor Speer and "Eddie" Keatinge accompanied each other like old pals. Only the presence of Thomas M. Patterson was lacking to make the sweet picture of harmony complete.

No, dear readers, "Link" Stuffs' golden rule was not present. The influence of woman did it.

Once more had "hot" for women. The Jane Jefferson club was a dance last night at the Women's club and there it is that Mary J. Speer, Governor Shafer and "Eddie" Keatinge and their respective followers had their lovely reunion.

Governor Shafer led the grand march with Mrs. J. A. Myers, president of the Jane and Mary Jefferson club.

## Is Burned to Death on Eve of Her Departure to Home of Relatives

SAN FRANCISCO, Dec. 28.—With her trunk packed and in the depot ready for her journey to New London, O., where relatives were to care for her, Mrs. J. M. Hubbard, for many years a school teacher in Hartford, Conn., public schools, and lately burned today in a fire in the apartment of a family which had befriended her, and died two hours later in the Emergency hospital. She was 77 years old.

Mrs. Hubbard had been cared for for five years by a family in Oakland, which recently arranged to obtain transportation for her from a charitable organization in New London. Balking at the acceptance of the money for the trip east, Mrs. Hubbard surreptitiously left the Oakland friends and came to this city and was taken in by a family to which she was not known, but of whom she had heard. In her trunk were her white satin wedding gown and slippers, in which she had often expressed a desire to be buried.

## SUICIDE LEAVES BODY TO MEDICAL SOCIETY

LIVINGSTON, Mont., Dec. 28.—A note left by Dr. C. E. Button, who shot and killed his wife last night and then drank poison and shot himself, was found here today.

The note requested that his body be given to the nearest medical society for experiment and dissection.

Dr. Button, who came to Montana from Chicago formerly was assistant to Dr. Nicholas Senn, the noted surgeon who died in 1908. He also is said by friends here to have been employed as an assistant at Rush Medical College, Chicago.

Dr. Button, who was a music teacher, is survived by a mother in Michigan.

## MAY EXTRADITE GOMES

MEXICO CITY, Dec. 28.—It is rumored that the Mexican government is about to ask for the extradition of Jose Bonifacio Valle, former minister of the interior, from the United States.

Many believe Valle is heading a revolutionary party. According to the latest information he is in a Antonio. Efforts to ascertain the truth of the rumor as to the reason for the extradition have been futile. The only offense of Valle, if any, is said to be of a political nature, for which he cannot be extradited.

### PROPOSED BILLS INDORSED

At a meeting of the Direct Legislation league last night in the offices of Dr. Sinton, the association went on record as indorsing a number of matters which it is proposed to bring before the state legislature under petition. What is regarded by the league as one of the most important matters is the introduction of a bill to provide for "state operation of Colorado coal lands for the people, and which proposes that the people obtain fuel at the cost of production. The petition to

initiate this is being formulated and will be circulated here for signatures soon after the first of the year. The petition was originated by the Farmers union. Another petition to be circulated is for constitutional amendment providing for the recall of all elective officers, including the judiciary, and a bill for the headless ballot. The league also indorsed a bill for an eight-hour working day for women who work in factories or are similarly employed. Local representatives of the Direct Legislation league say they will take an active part in getting out the various petitions and that they hope to get 2,000 signatures.

### LICENSES EXPIRE DEC. 31

Approximately 1,000 notices are being sent out by the city clerk's office to owners of automobiles and motorcycles calling attention that all licenses for the year expire December 31. No changes in license numbers will be necessary if renewals are made promptly. During the year 854 cars from outside states were brought to Colorado Springs for 30 days or more, while it is estimated that about 500 machines were here for a shorter period. Licenses of hotel and business solicitors, hucksters and waiters also expire December 31.

### SEWALKS REASONABLY CLEAN, AFTER DELAY IN ENFORCING ORDINANCE

There was a great flurry around the police department last Wednesday and yesterday, followed by a sudden activity on the part of negligent householders, as a result of The Gazette editorial, Wednesday Morning, and now most of the sidewalks in the city are cleared from snow, and pedestrians may walk with a reasonable degree of safety. The editorial in question pointed out the serious accidents which had occurred because of the slippery, dangerous sidewalks, and also cited the negligence of the police in making residents comply with the ordinance that snow must be cleared from the walks. Wednesday and yesterday the police were busy serving notices that walks must be cleaned at once, and hundreds of shovels and brooms were at once pressed into service.

### STRUCK BY AUTO

While driving a sled up the hill on Conestoga street under the viaduct, last night, Frank Shields, an employee of the Colorado Springs Towel Supply company, was struck and knocked down by an automobile driven by Dr. Francis B. Rothrock. Shields was not badly injured, and was hurried to St. Francis hospital in Dr. Rothrock's machine. His shoulder and hip are badly bruised. The accident occurred at about 6:30 o'clock. Shields was walking beside his sled, driving a horse up the hill, and Dr. Rothrock approached from the opposite direction. A team passed at the same time and the horse became frightened. It swerved sharply, and in order to keep from striking the animal, Dr. Rothrock turned his machine aside, not seeing Shields until the automobile was upon him. Shields lives at 107 Conestoga street. He is married.

A., is one of the few Americans who are in the midst of the Russian-Kirkpatrick trouble at Tver, Persia. Kirkpatrick is teaching at the American Presbyterian mission at Tver. In a letter written this month to a friend in Colorado Springs, he says that Tver has been besieged for three months by the Russians, who demand the resignation of W. Morgan Stuart. He writes that averian warfare has been going on for months in that section, but that the Americans and the English are not molested.

### REFUSES TO SELL PLAY WRITTEN FOR W. C. T. U.

DENVER, Dec. 28.—Miss Adrianna Rouelle of 1271 Gaylord street has refused the \$10,000 offer and income of \$300 a week made by the representatives of the large liquor interests of the country for the use of her play, "A Victim of the Past." The play was originally written for the W. C. T. U. of Denver, but owing to a disagreement it was never presented. Miss Rouelle charges that the liquor interests intended to pervert the moral of the play to their own interests and use it as an instrument of ridicule against the W. C. T. U. It was to have been staged in New York.

### HORTICULTURAL SOCIETY IN EXCELLENT CONDITION

B. A. Banta, county commissioner, was elected president of the El Paso County Horticultural society, to succeed Arthur Cornforth, at its annual meeting at the county house last night. Dr. W. W. Arnold, former second vice president, was made first vice president, F. W. Homan being selected to fill Dr. Arnold's former position. Secretary Fred F. Horn and Treasurer W. W. Williamson both were reelected. Under the by-laws, the incoming president will appoint standing committees, with the exception of the schedule committee, which already is working on the premium list for 1912. Reports of officers submitted at the meeting last night, show that the last annual term was the best in years. The

### "Chocolate Soldier" Pleases Big Audience

A pleasing performance of "The Chocolate Soldier" was seen at the Opera house last night, by a large audience. The book is interesting, the music full of charm and sweetness. It's a jolly show and, judging by the applause and laughter, was a success here. Miss Lillian Pelt, the prima donna, scored a personal success. She has a sweet voice, graceful carriage and a pleasing personality, and occupies the foreground charmingly. Miss Bergere, as the cousin, was most pleasing. She worked with a will, her singing and dancing numbers were full of grace and beauty. She was quite the life of the show. The production is not entirely different from that seen here last winter but only two or three of the original cast appeared last night. For a road company, the voices were especially good. All of the principals sang exceptionally well except Charles Purcell, who took the part of Lieutenant Bumerli. He carried off the comedy part well, but he not only cannot sing, he does not try to sing. His speaking, instead of singing, spoils several good songs. Edmond Mulvihy, as Captain Maslovoff, was a laugh maker of A-1 order. He made much of a small part, and sang the few songs assigned to him in a pleasing manner, which made the character interesting. Good-looking girls, richly costumed in striking colors, nimble on their feet and well trained, marched, danced and made cheerful noise with zest that carried over the footlights.

It was decided at the meeting that hereafter exhibits, winning more than \$5 in prizes will be charged a membership fee of \$1. The baby show will be a feature of the next exhibit, and the doll parade which was such a success last year, will be elaborated on in 1912, under the direction of a number of ladies who have signified their desire to help. The aid for the schools will be distributed as usual. As the business transacted was the appointment of Vice President Arnold and Homan as auditors of the treasurer's books, and the selection of President Banta, Treasurer Williamson and Secretary Horn to wait on the Chamber of Commerce. This latter committee will request the committee body to give an appropriation toward the premiums at the next annual flower show. A feature of the society's work the coming year will be a schedule of premiums following the line of the Dry Farming exposition.

## Holiday Entertainment at Boys Club This Eve

The holiday entertainment for the boys will be given this evening at 7 o'clock in the club house on South Tejon street by the members of the Boys club association. There will be a pleasing program, and then the boys will be served with ice cream, cake, candy and apples.

Miss Strong's orchestra will play. Mrs. William Hill will recite. A. D. Aiken will sing and there will be other interesting numbers.

The committee of arrangements consists of Mrs. W. W. Williamson, chairman; Mrs. C. C. Hamilton, Mrs. B. F. Lowell, Mrs. Fred Probie, Mrs. D. D. Bliffey, Miss Jeannette Scholz and Miss Ethel Moore.

**LOW RATES TO STOCK SHOW**  
There is more than usual interest in Colorado Springs over the coming National Western Stock show to be held in Denver during the week of January 15-20. This show has grown to be the big agricultural event of the west and every year is becoming more national in character, although designed more particularly to encourage the development of live stock and agricultural interests in the intermountain country.

The Colorado & Southern railway announces a special one fare rate from Colorado Springs to Denver during the week of the show. Tickets on sale January 13, 14 and 15, with final return limit January 22.

## AT DETENTION HOME

Assistant District Attorney Purcell and Sister Rose of Glickner sanatorium yesterday transferred most of the Berndt children from the latter institution, where five of them have been since they were brought here from Yoder, Colo., a week ago, to the detention home at Ivywild.

Mary Berndt, 15 years old, will remain temporarily at Glickner. Six of the nine children are now at the detention home, where the eldest member of the motherless family, a girl 15 years old, will assist in caring for them. One child is at the Day nursery and another is being cared for by Mrs. Lorenz, 325 East Cucharas street.

Charles Berndt, father of the family, is still held by the authorities pending an examination into the causes which led up to his wife's death under peculiar circumstances about two weeks ago. The investigation will be conducted through the assistant district attorney's office, and an effort will be made to have the case set for trial early in the January term of the district court, which opens January 9. Mrs. Berndt died suddenly. It is said, after being shaken by her husband.

## CASE DISMISSED

The case of the People against H. J. Summerhayes was settled out of court yesterday, and the action, which was set for trial in Justice Gowdy's court, dismissed at the request of the district attorney's office.

It was alleged by Mrs. D. C. Schlitt, complaining witness in the case, that she had purchased a "consumption cure" from Summerhayes for \$20. Mrs. Schlitt claimed that the cure did not cure, and caused a warrant to be issued, alleging that Summerhayes had obtained the money through misrepresentation. Yesterday Summerhayes returned the amount to Mrs. Schlitt and paid the costs in the case.

## NEW PRESIDENT FOR THE CHICAGO RAILWAY CO.

CHICAGO, Dec. 28.—Leonard A. Busby was elected president of the Chicago City Railway company today, to succeed Thomas E. Mitten, whose resignation will become effective Sunday. The new president is a Chicago lawyer, and has been general counsel for the company. His selection is regarded in financial circles as a step in the reorganization of the company, preparatory to the proposed merger of all the surface and elevated car lines.

Mr. Mitten has gone to Philadelphia to take charge of the rehabilitation of the street car system there.

## Caspar Rene Gregory Will Address Winter Night Club, January 4

Prof. Caspar Rene Gregory of Leipzig, Germany, will address the next meeting of the Winter Night club to be held Thursday evening, January 4. His subject will be, "Social Movements in Germany."

Professor Gregory has been connected with the faculty of Leipzig university for over 20 years, and has made a special study of sociological problems. He is a recognized authority on social questions in Germany. He delivered a lecture on "Social Movements and Manuscripts" at the home of Mr. and Mrs. Spencer Penrose last week under the auspices of the Colorado Springs branch of the Archaeological Institute.

Professor Gregory, who is a native of America, is a graduate of the University of Pennsylvania.

## ORGANIZED GANG THIEVES AT WORK IN THIS CITY?

A third man, whose name is not given out, is being sought by the police in connection with the robbery of a grocery store in the 300 block on Mill street, Wednesday night. A quantity of groceries and meats represented the haul.

Frank and Joe Kopetsky, 941 South Comstock street, have been arrested in connection with the case, but the ring leader of a supposed organized gang is being hunted. It is said that carpenter's tools to the estimated value of about \$600 were found at the Kopetsky house. Some of them have been identified by D. B. Anderson as his property. According to the men under suspicion, some of the tools were bought and others were found in various parts of the city. The police also allege that when they went to the Kopetsky house the men were engaged in putting up whisky in bottles of different sizes, and they are of opinion that the Kopetskys have been bootlegging.

## PURCHASE RATIFIED

At a recent special meeting of the school board the purchase of the six lots just east of the High school for a site for new High school buildings, was formally ratified. These lots were recently purchased by E. W. Oldings and John Lennox, acting for the school board, at an approximate cost of \$50,000.

No other business of importance was transacted at the board meeting.

## BODY IS IDENTIFIED AS THAT OF HARRY BUCKLEY

The body of the man found frozen to death Wednesday afternoon, near Roswell, was identified yesterday as that of Harry Buckley, a section hand, who had worked for the Rock Island road a few days before Christmas. Buckley was last seen alive the day before Christmas, when he told acquaintances he was going to Colorado City. It is supposed the man was intoxicated and froze to death trying to reach the bunk house, Christmas eve. Nothing is known of his family or of the man himself, except that he came here a little more than a week ago, from Edgemoor, Colo. The body is still being held at the morgue by Coroner Jackson.

## LAST MEETING OF YEAR

The last meeting of the present year by the city council will be held this morning. It was said yesterday that nothing of special interest or importance is coming up today, and that the meeting will be largely routine. January 1 being a holiday, the city will start the new year officially January 2 with the appropriations made in the recent budget.

## News of Local Courts

A direct information was filed in the district court yesterday against J. Wharton, charging cruelty to animals. The defendant, who is an employee of the postoffice, furnished bond in the sum of \$100. The case was set for trial yesterday morning in Justice Dunnington's court, but was transferred to the higher court at the request of Evidence Officer C. B. Horu. It is charged that Wharton shot and wounded a dog belonging to H. L. Ashbaugh, claiming as justification for the alleged act that the dog had killed some of his rabbits.

### That Feeling of Fullness

Disappears in Five Minutes After Taking a Stuart's Dyspepsia Tablet

A Trial Package Sent Free on Request

All of the unpleasant sensations attendant upon eating too heartily are instantly relieved by a Stuart's Dyspepsia Tablet, like sticking a pin into a rubber balloon. The reason is simple and easy to understand.

Inflation of the Stomach From Undigested Food Quickly Relieved by a Stuart's Dyspepsia Tablet.

When you take food into a stomach that is tired and over-taxed, the gastric juices do not form fast enough to digest it properly. So the food becomes sour and at once begins to throw off gases. Your stomach becomes inflated just as surely as if you attached a toy balloon to a gas jet. Then the gases and foul odors issue forth and pollute your breath, making you an object of nausea to your friends. Your tongue quickly becomes coated and you can taste the foulness that is within you.

Now all this condition is changed almost instantly by a Stuart's Dyspepsia Tablet. This little digester gets busy at once, supplies all the digestive juices that were lacking, digests the food in a jiffy and opens up the clogged stomach and bowels. It also sweetens and refreshes the mucous lining of the stomach and bowels and restores peace and content.

If you will give Stuart's Dyspepsia Tablets a chance they will not only sweeten your stomach but also your disposition and you will never have another stomach ailment.

One grain of a single ingredient in Stuart's Dyspepsia Tablets will digest 3,000 grains of food. This saves your stomach and gives it the rest it needs. All muscles require occasional rest if they are ever over-taxed. The stomach is no exception to this rule.

Try a box of Stuart's Dyspepsia Tablets and you will wonder how you ever got along without them. They are sold at 50 cents by all druggists everywhere. A trial package will be sent free on request to F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

**PLANS SEPARATE COURT FOR WOMEN IN FRISCO**

SAN FRANCISCO, Dec. 28.—Chief of Police D. A. White announced today that he would seek the establishment of a police court exclusively in which women as defendants would be tried.

The subject also has attracted the attention of members of a number of women's clubs and concerted action from such organizations is expected.

Chief White said that now men and women from all walks of life are herded indiscriminately into the police courts and the results are bad.

The chief estimates expediency as a part of the women's court regulations. He would have all persons not directly interested in the case on trial kept in a waiting room, particularly when the case in question is one involving questions of public morals or of a similar nature.

John Kronmiller, a former member of congress from Maryland, now conducts an umbrella mending establishment in Baltimore, public life having lost its charm for him. He is a great reader and a student of Egyptology.

The first Greek Letter society in this country was organized in 1750 by the students of Williams and Mary college at Williamsburg, Va.

### THE EARL OF PAW-TUCKET TOMORROW

Lawrence D'Orsay, who is starring this season under the management of John Cort, in an elaborate revival of his greatest success, "The Earl of Pawtucket," is the attraction at the opera house tomorrow evening, December 30. Both the success of the star and the

Cardington, played by Mr. D'Orsay. His lordship has become enamored with a fair American woman, Harriet Fordyce, whom he has met informally through a series of accidents on the other side, and so charmed is he with the lady that he follows her across the Atlantic to meet her formally and pursue his courtship. For diplomatic reasons, it is necessary for him to travel incognito. He confides his plans to an American, one Montgomery

dyce, and has been divorced from her to escape paying her alimony, he went abroad. The complications which ensue when Cardington arrives at the Waldorf-Astoria, in New York, become a matter of natural sequence.

The scenes of the comedy are all laid in the hotel. The first takes place in the North Palm room, the second in a beautiful apartment, and the third in the Turkish room of the hotel. Mr. D'Orsay is a most capable actor, and the part of the Earl is well suited to him. In his acting he gives a naturalness to the part which makes it stand out distinct, and the critics say it is better than Lord Dundreary. Seats are now selling. Prices, \$2.00 to \$5.00.

### "BRIGHT EYES" NEW YEARS

Uccell Lean, the popular young comedian, who will be seen at the opera house New Year's day, matinee and night, in Joseph M. Galt's new musical play, "Bright Eyes," has a large fund of good stories with which he regales his friends throughout the country. Here is one he told the other day:

"A few years ago, when we were traveling in the west, we were booked for a single night at a little city which possessed two daily papers. Neither of them amounted to much, but the editors were bitter enemies and worked 24 hours each day to outdo each other. When the train bearing the company arrived at the station, and I stepped from the car, I was met by an excited individual who introduced himself as the editor of one of the papers.

"I want three cuts from you immediately," he shouted as soon as he had made himself known.

"I was somewhat surprised at this demand, and told the trade editor that I didn't carry cuts, that part of the business being looked after by the advance agent.

"Your advance agent is a lobbyist," he shouted. "He gave our rival up the street eight cuts and only gave us six, and I've got to have three more in order to keep that imitation paper that is getting proud of the fact that it is printing more cuts of your show than we are."

"Of course, I didn't have any cuts, but I will say a small bet that that editor still thinks that the advance agent and I were in a conspiracy to help his rival beat him."

Seats now selling at box office.

### LESLIE LOBBEN

Miss Anna Hobson, playing in the comedy "The Newlyweds," is the attraction at the opera house tomorrow evening, December 30. The play is not only one of the handsomest women on the American stage, but also has the distinction of being a cousin to Lieutenant Richmond Pearson Hobson, hero of the Spanish-American war. Although of one of the proudest southern families, Miss Hobson insisted on going on the stage, and her success in "The Newlyweds" is a proof of her talent and later as leading lady in "The Newlyweds," have attested to her success.

Aside from her name or her success on the stage, however, Miss Hobson prides herself on her mechanical ability. Local boat lovers will be surprised to learn that she owns and runs a 40-horsepower speed launch, in which she has won a number of victories in big races. The talented young woman has added a number of improvements to her engine and designs of her

own, and expert engineers have praised her work in this line, so unusual for a woman.

Miss Hobson's talent in mechanical lines has been recognized by several technical magazines, for which she has contributed articles on machinery and dynamos. Miss Hobson has visited all the big ship yards under the tutelage of her talented cousin during his term in congress, and carries with her at all times a model of a submarine boat, which was submitted to her by an inventor, and on which she is working out improvements. Her latest essay is on the line of an airship.

Between her busy hours of acting and writing plays, Miss Hobson also finds opportunity to write short stories, several of which have appeared in the big magazines during the past year.

### "THE NEWLYWEDS"

### NEXT TUESDAY NIGHT

Leo Hayek and Virginia Braun impersonate "The Newlyweds" in the "Newlyweds and Their Baby" which comes to the opera house next Tuesday, January 2. Mr. Hayek has succeeded beyond all expectations in making up a face naturally rather human in its aspect so as to resemble the classic of the McManus hero. His song, "Jig Along Mr. Jigger," in which the "Eight Pouter Pigeons" assist, is one of the most novel song numbers introduced for many a day. The nurse, in the person of Beatrice Elliot, and the sister impersonated by Eunice Young, furnish most of the feminine fun. Each has a striking song number and in her own way succeeds in delighting the audience.

An original line of comedy is contributed by D. L. Don, as a bumbling German waiter, one of the sensations of the season.

The feminine contingent is fresh and fair to look upon and is carefully assorted as to size. The chubby cherubs, the "Eight Pouter Pigeons," who make up the infant class are certainly "cute" no other adjective will suffice to describe them. The costumes devised for the chorus are brilliant and fetching, while the scenes are ingeniously novel and beautiful. The company numbers 80% people, the half, of course, being the baby.

Seats Saturday.

### LAST AND BEST OF A YEAR

The closing bill for 1911 at the Grand will be one you'll appreciate and remember for a long time, including as it does the story of how the little deaf girl saved her benefactors by teaching them the sign language. This is the Vitaphone, "The Voiceless Message." Little Miss Adele de Garde plays the child in a way that will appeal to every loving parent.

"The Deaf Girl" is a moving play that will be appreciated here, as will "The Ranchman's Daughter," a western romance.

### LIVING FASHION PICTURES

### PRELUDE AT LYRIC

Are you interested in the latest styles in hats, direct from the center of fashion, la bella Paree? Whether you belong to the hat-buying or the hat-paying-for class, you will undoubtedly be interested in the showing of them at the Lyric today and tomorrow, a part of the Pathe weekly, the greatest newspaper in the world, 1,000 feet long and which has over 20,000,000 readers.

You'll like the rest of the paper, too—no advertisements, all "pure reading matter."

Other pictures shown for the last 1911 bill include a travelogue, "Picturesque Hungary," a film descriptive of the crab industry, "The Romance of a Mummy," and the funniest Lubin comedy you've ever seen, "An Actor in a New Role."

On Saturday afternoon another of the series of Children's matinees, sponsored and conceived by the Civic League, will be given. An unusually attractive program will be shown.

### LEARN TONIGHT "THE VALUE OF A DOLLAR"

If there is anybody in this town who has not yet learned the value of a dollar, but who yet realizes that it would be a good thing for him to do so, he would do well to go to the Majestic this afternoon or evening and see the sketch of that name, with J. Frank Burke starring, which is the feature of the fine Christmas bill that closes this evening. It teaches a lesson that remains in the memory.

The bill also has other noteworthy features—Johnny Hoey and the stunning Jeannette Mason, in a comedy, singing and dancing skills; Harry E. Eton and company, in a laughable magic act; Enoch and Dunham, in a bunch of the classic songs heard in a long time; a reasonable Rex photoplay; and the orchestra program. All for 10c, 20c and 30c.

### PICTURES AT OPERA

### HOUSE TODAY

The wonderful "daylight" pictures, from the Princess theater, Denver, will be shown again today, with a complete change of bill, at the Opera house.

One must see the interior of the Opera house to realize what a change the separate system of lighting, used exclusively for "picture days," makes in its appearance. Hundreds of purple and red lights transform the place into a veritable fairyland, and notwithstanding that they make it light as day, the pictures, projected by a latest model machine upon a handsome new aluminum screen, are clear and brilliant. A handsome stage setting forms an ornamental frame around the curtain. The regular Opera house orchestra furnishes the music. The building will be kept warm and comfortable in the coldest weather.

### THE NEW ART TRAVEL

In Colorado, January is the month when farmers are able to leave their farms and ranches for recreation and pleasure. From all over the state there will be a large attendance at the "Winter Week" in Fort Collins, during the week of January 8, and at the National Western Stock show in Denver, the following week.

The Colorado & Southern railway announced special low rates for these occasions. The big stock show in Denver will draw unusually large crowds as it is reported the show will be the largest ever held.

## Finds Statues in Korea Similar to Those in Mexico

VICTORIA, B. C., Dec. 28.—Dr. Frederick Starr, professor of anthropology at the University of Chicago, who returned from a scientific mission to Korea on the steamer Sado Maru yesterday, found at a deserted semisubterranean temple on the southeastern seacoast of Korea, Buddhist statues and carvings remarkably similar to the carvings discovered in Yucatan and southern Mexico.

He is bringing 40 negatives which intend to prove the theory held by some American anthropologists that Buddhist tendencies are shown in the temples found in Yucatan and on the southern Mexican borders.

He considers that the origin of the famous Buddhist of Nara and Kamakura are due to the suggestions brought by Buddhist monks from this little temple, now fallen into decay and abandoned. He said he would urge upon the Japanese government the suggestion that this place be restored.

Professor Starr is bringing extensive

studies of Japanese tattooing, the investigation of which has resulted in his theory that a Polynesian strain is mixed with the Malayan-Japanese ethnological origins. He will make an extensive exhibit at the Panama-Pacific exposition at San Francisco in 1915.

He said that his investigation among the Ainu convinced him that these people of northern Japan who tattoo by cutting, as the Melanesian people do, are of white stock, similar to the rogas of India and other remnants of scattered white people in Asia.

Both the success of the star and the

Alfred Augustus Thomas, and always receives enthusiastic reception. The action hinges about one lord

ery Putnam of Pawtucket, who suggests that he use his (Putnam's) name as an introduction to the woman he is ready to love with and hopes to marry.

It happens that Montgomery Putnam was the husband of Harriet Fordyce.

### SPECTACULAR RESCUES WHEN SHIP HITS ROCKS

"BLOCK ISLAND," R. I., Dec. 28.—The four-masted schooner Mary Adelaide Randall of Port Jefferson, N. Y., coal laden, was hurled on the ledge west of Block Island by a terrific northwesterly gale today and four hours and a half later her crew of 10 men were rescued by the Block Island life saving crew. The rescue was spectacular and was accomplished only after the life savers had tried repeatedly to reach the stranded craft. The Randall was bound from Norfolk, Va., for New London, Conn.

### BRANCH OF PEACE FORUM IN JAPAN

SAN FRANCISCO, Dec. 28.—Dr. John Wesley Hill, pastor of the Metropolitan temple in New York and president of the International Peace forum, arrived here today from the orient, where he promulgated a peace propaganda. Dr. Hill had a lengthy audience with the Japanese emperor, and is conveying a cordial greeting from the emperor to President Taft.

The emperor asked many questions about America, said Dr. Hill. He showed keen interest when I told him I had several weeks in China, and asked my opinion as to the outcome of the revolution. I told him that, in my opinion, China would emerge from her troubles a republic.

The net result of my visit to Japan was that the peace movement gained a substantial foothold, I believe, in the orient. A branch of the International Peace forum, of which President Taft is honorary president, was established in Tokyo, with the Marquis Matsukata as its head.

The Japanese emperor, Mr. Hill stated, gave him personal assurance that his heart was for peace.

## Extensive Improvements at M. W. A. Sanatorium Start First of the Year Details of the Project

Excavating will be started the first of the year for the new power house at the Modern Woodmen tuberculosis sanatorium, north of the city. This will be the first of a series of improvements to be made during 1912 that will involve an outlay of nearly \$300,000. Under the plan to be followed, most of this sum will be expended in Colorado Springs. No general contract will be let, the work being divided into sub-contracts and carried on under the direction of a superintendent of construction employed by the executive council of the Modern Woodmen.

As soon as the power plant is well under way, ground will be broken in turn for a receiving hospital and central building. It is hoped that all three structures will be ready for occupancy before the end of the year, and in a few years will demand a large amount of space. There also will be a zoological laboratory for experimental purposes. On the first floor will be offices for the superintendent and his staff of physicians, a fully equipped main laboratory, pharmacy, nose and throat room, library and kitchen, in which cooking for the bed patients will be done. On the second floor, 25 rooms, each 11 by 15 feet, will provide quarters for new patients and others who, for any reason, are confined to bed. Each room will have a balcony porch, reached through a window-door. It is the intention to locate the bed patients, but these will be

Cap rock, taken from the sanatorium grounds, will be used for the walls of the central building and receiving hospital. These stones, taken from the surface and covered with masonry, are of such variety in form and coloring that they lend great beauty to a wall built of them, while they will resist water, wind and sun for centuries.

The front will be two stories in height and 218 by 47 feet, while at the back and parallel to it will be the kitchen and dining rooms for employees, with single story and basement and covering a ground area of 137 by 38 feet. Dividing the basements of the two portions will be a driveway through which supplies will be brought in, while the main floor will be connected only by the service of entry. Beneath the front section will be store rooms; while under the kitchen there will be the bakery and cold storage plant. At the front, on the main floor, will be three dining rooms, each 45 by 60 feet, and seating altogether 400 patients. The dining rooms for

By the time these three structures have been finished, work will be under way on four new utility buildings and 180 additional tents, giving capacity, including the facilities of the receiving hospital, for 400 patients. The sanatorium within a year will be virtually a complete little city, with independent water, heating and lighting plants, concrete walks and other modern conveniences. ### KILLS SELF BECAUSE SHE GOT NO XMAS PRESENTS

DENVER, Dec. 28.—Bertha Patten, 28 years old, a trained nurse, used her knowledge of the use of anesthetics to commit suicide. With a handkerchief, which had been saturated with chloroform, spread across her face, Miss Patten was found dead in her room in the Keystone hotel, Seventeenth street and Tremont place, last night. She had been dead since sometime Tuesday night, it is believed.

She received no Christmas presents and some of her friends believe this may have induced her to feel that she was alone in the world, and caused her to become despondent. No note or farewell message was left. Miss Patten seemed in good spirits, and gave no indication of her intention to take her own life.

### FEW PERSONS WILL HEAR TRIAL OF REV. RICHESON

BOSTON, Dec. 28.—Arrangements for the trial of the Rev. Clarence V. T. Richeson, for the murder of Avis Lammell, were partly effected today. An order came from Chief Justice Aiken of the superior court, that the greater portion of the fourth floor of the court house should be reserved for the proceedings and that only counsel, jury, witnesses and newspaper reporters should be admitted.

Mr. and Mrs. Frank H. Carter of Cambridge, with whom Richeson boarded during his pastorate in that city, were surprised to the district attorney's room today on a rumor that they expected to leave for the south before the trial.

### COASTING PARTY HITS POLE

DENVER, Dec. 28.—A coasting party made up of high school students came to grief yesterday at East 17th avenue and Pearl street when the coaster, carrying 12 boys and girls, crashed into a telephone pole. Cyrus Lloyd, 20 years old, 714 Sherman street, received a fracture of the leg.

A member of the party had enlisted the aid of a motor car and driver to draw them up the toboggan hill.

When the motor was used to attain increased headway for the slide, coming down the hill the motor was running at high speed until it swerved into Pearl street, allowing the sled to continue its flight.

The rope attached to the motor car was held an instant too long on the last flight. The sled and its passengers swerved with the car. It was going too fast for it to be righted, and the collision with the pole.

### HELD AS MURDER SUSPECT

DENVER, Dec. 28.—Angelo Navarro, an Italian, is held in the city jail pending an investigation of his movements during the last four years. He says that he had been employed for three years as a trained nurse in the government hospital for leprosy in Los Angeles county.

Detectives Koehler and McNeill found on Navarro's person a watch which was identified as a timepiece which was December 12 from the body of Walden Dehling, a man murdered at Blackfoot, Idaho. Navarro disclaims all knowledge of the murder and says that he got the watch in Pueblo.

### OMISSION OF WORD CUTS OFF WOMAN FROM ESTATE

CINCINNATI, O., Dec. 28.—Mrs. Henrietta Goodloe of Denver, Colorado, niece of former Banker James S. Armstrong, will not share in his \$1,500,000 estate, according to a decision by Commonwealth Judge Swing today. A suit brought by the "niece" to expedite the distribution of the estate. Her share was lost to her because of the omission of the word "sisters" in the will. The document, which was drawn in 1878, provided that brothers, sisters, nephews and nieces were to share in the income and after the death of the direct heirs the property was to be distributed among the heirs' brothers, nephews and nieces. Mrs. Goodloe is a daughter of the sister of Mrs. Armstrong. Her attorneys held the omission was unintentional. Armstrong died in France in 1883. Since then Mrs. Goodloe has shared the income from the estate. The direct legatees are dead and the estate will be distributed, cutting the Denver woman off.

Havana's mayor recently fined two doctors 15 days' pay each for having refused to give their services to paupers when requested.

### PROF. FISHER MISQUOTED

ST. LOUIS, Dec. 28.—A dispatch to the Associated Press on December 12 attributed to Professor Irving Fisher, of Yale university, in a speech before the City club, the statement in effect that the high cost of living was due, "chiefly to malaria, hookworm and alcohol," the recommendation of an international commission to eradicate these diseases and said that he acquitted the trusts of blame for the high prices.

Professor Fisher declares that the dispatch misquoted his remarks and declares as "absurd" the statements attributed to him.

In letters to several of the newspapers in which the dispatch appeared, Professor Fisher says that he declared the cost of disease to have been always with us, and "not in the least responsible for the recent rise in the cost of living or any hardships connected with it."

"I stated," says Professor Fisher, "that the causes of the world wide rise of prices were a matter of dispute and that therefore there should be appointed an international commission to make an authoritative investigation of that subject."

### LOS ANGELES BANKS MERGE

LOS ANGELES, Dec. 28.—By the merger of the Security Savings bank, the Equitable Savings bank and the Southern Trust company into the Security Trust & Savings bank, Los Angeles will have one of the largest banks in the west of Chicago.

The capitalization of the combined banks will be \$2,000,000 with a surplus of \$2,000,000. The resources are placed at \$4,000,000, with deposits of \$0,000,000, and postoffice to more than \$10,000,000.

The Security Savings and Equitable banks have already been merged. It is announced all preliminaries have been made for the taking in of the Southern Trust company. J. F. Sartori, president of the Security Savings bank, will head the new institution.

From the St. Paul Pioneer-Press.  
"Let's drop in this restaurant."  
"Oh, I don't believe I care to eat anything."  
"Well, come in and get a new hat for your old one, anyway."

### Ask for "HORLICK'S"

The Original and Genuine Malted Milk  
The food for the "I Age."

At all grocers, hotels, and restaurants. Ask for it on your next visit to the city. Don't start without it. A glass of Horlick's is a health tonic in itself. Not in any Milk Trust.
